3/16/69

Dear Mr. Peabody,

Dell has forwarded your letter postmarked in Dallas 2/17.

I hope this reaches you. I cannot make out the return address, so paste it on the envelope. There is none inside.

When I was in Pesley Plaza in November I noticed no street-light post missing.

It is my recollection that the first such post was abreast of the third road stripe, the second between the fifth and the sixth.

The cross-the-street road sign was not there in 1963.

Can you give me any more details on what you mean? If there reason to believe that the post is other than under replacement, or perhaps was a traffic victim?

Sincerely,

Harold Weisberg
